

MUTCD Current Version

The *Manual on Uniform Traffic Control Devices* currently in use is dated 1988. It has been modified and revised several times since it was published in 1988. The following list contains the changes necessary to update the manual. Most of these changes are contained in the WSDOT publication *Washington State Modifications to the MUTCD*, available on this web site under **Publications**. The changes that have been made since the publication of the *Washington State Modifications to the MUTCD* (except Revision 3) can be obtained by contacting the Traffic Services Engineer. Revision 3 can be obtained at the Government Book Store, 915 2nd Avenue, Seattle, WA 98174, phone 206-553-4270. Revision 3 can also be obtained through ATSSA or ITE.
